

FOR PRESIDENT, R. B. HAYES, OF OHIO.

FOR VICE PRESIDENT, W. A. WHEELER, OF NEW YORK.

The Reduction of Taxation in the State of New York.

Mr. Tilden's friends have been very industriously circulating the story, that he reduced the amount of taxation in New York State Troms \$16,000,000 to \$3,000,000 per year; and he has allowed this tale to go the rounds without a word of protest from his lips or pen, thus, at least tacitly, giving his consent to such support. Now the other side of the "reduction" is shown up by the Albany Econing following figures as quoted by the Journal has turned Democrat? In of the Funding Ring.

Thus the reduction during the four years of Democratic rule was \$5,546,744.08. In 1871 Tammany was overthrown and the Republi can's took control of the State government, and kept it for four years beginning with the 1st of Jan 1872. The Journal says:

"At the beginning of that period," (the four years of Republican rule,)" the debt as the Democrats had left it, \$20,260,-755.91-at the close the means had been provided to pay the entire amount except \$705,982,35. That while the Demogratic administration in four years reduced the delt abo five millions and a half, Republican admin istration in the same length of time, under the same laws and with the same require piculs; reduced it nineteen millions and half, or nearly four times as much."

Now the point is that this large reduction in the debt of New York lessened taxation, and not any peculiar work or financeering that Mr. Tilden performed. Indeed, while he and his Tammany friends were managing the State during the four years above men tioned, they reduced the debt. which is the cause of taxation everywhere, only a little more than one fourth as much as did the Republicans in the same length of time. Now the rate of taxation for 1875 was 6 mills, for 1876 it is 3 11-24 mills, and the re duction is solely due to the fact that the Republicans had practically extinguished the debt; tax 1876 is only \$796,934.00, and besides the reduction in the debt. the tax of 1875, owing to over estimates, left a surplus of \$1,190,-883.37 which was all applied to lessen taxation in 1876.
